## IMPORTANT STUDENT INFORMATION

- √ •During this session, our presenter will review the pertinent sections of the ORACCA manual.
- √ •The Seminar will be scheduled no sooner than a week after receipt of the test order. This is to allow the student sufficient time to review the text prior to the test. We shall begin with a class lecture on the subject matter contained in the text and test and conclude with the ORACCA approved written, multiple choice, certification test (3 hour preparation lecture before test). The classroom session will be followed by the practical brazing lab.
- √ •The tests will be scored by ORACCA headquarters, P.O. Box 87907, Vancouver, WA. 98687-7907
- √ •In order to obtain certification, applicants must pass the written exam, in addition to successful completion of the practical lab brazing test. (80% is passing on written test and cumulative voids of less than 25% is passing for the lab).
- √ •Materials required for the Test are: Number 2 pencils, and lab materials, **both supplied by ORACCA.**
- √ •**Each examinee must provide their own Oxy-Acetylene or B-tank Acetylene-air torch set, safety equipment (gloves, eye protection, etc.), measuring, cutting and reaming tools and cleaning materials (scotchbrite pad, plumbers tape, cleaning clothes, etc.). No maap gas sets will be allowed.**
- √ •**The cost for this certification exam is \$275.00 per participant, all ORACCA member company employees may take the course for a discounted fee of \$195.00.**

To insure a firm reservation for the exam, return this form **with your check, or credit card information** for the appropriate amount. Space is limited to 16 participants, per session...so register early.
