February 12th @ Mar-Hy Daikin Update for 2015

Daikin Program Update

The February meeting is scheduled to be held at Mar-Hy Distributors, 3850 SE International Way, Milwaukie OR. 97222 at 11:30AM on **Thursday, February 12, 2015.**

Lunch is being provided by Mar-Hy, so bring your appetite and join your fellow HVAC contractors to learn more about the ways to apply ductless, inverter driven systems in homes.

Here are FIVE key reasons you need to attend this meeting.

#1 Mar-Hy has opened their new Training Room for this meeting and it is equipped with product stations designed to enhance the learning experience.

#2 Our presenter is Jeff Banducci, with Daikin, who will be discussing Daikin's global position & commitment to HVAC! Their continued focus on R & D of industry leading compressor technology & next generation of environmentally friendly refrigerants to drive Heat Pump efficiency.

#3 Jeff will also discuss the Daikin - Goodman developments and highlight the commitment to the North American market with the new Cypress Creek ComfortPlex announcement.

#4 He will also include a new products overview for 2015 (probably a light version so we don't spoil your dealer event)

#5 And, finally an overview of the overall Ductless market and it's growth in the US & PNW area solutions for you.

Mini split units are ideal for year-round comfort in your customer's home. They're perfect for new additions, retrofits, finished basements, and sunrooms in addition to other existing rooms of the house. In addition to their high performance and energy efficiency you can save on the cost of installing and maintaining separate heating and cooling systems.

Daikin ductless heat pumps offer value for your money:

Mar-Hy Distributors New Training Room

- Advanced zoning capabilities for complete control over every square space
- Enhanced energy efficiency and lower operating costs
- Innovative, space-saving design to maximize functional areas
- Reliability with worry-free design, self-diagnostic capabilities and one of the best warranties in the industry.
