September 1st @ NW College of Construction September 22nd @ NW Natural - Sherwood

The **TWO September Meetings** are scheduled to be held at **The NW College of Construction, 8111 NE Holman St, Portland, OR 97218** at **11:30AM, Thursday, September 1st. and September 22nd, 11:00AM**, at the **NW Natural Gas/Training Center 20285 SW Cipole Rd. Sherwood, OR 97140**

The Program on September 1st has Lunch is being provided by GENSCO, so bring your appetite and join your fellow HVAC contractors to network and hear about these exciting programs.

September 1st presentation: "Know them, Show them- don't just Tell them" will be made by Rodney (Rodd) Walker, with JSG Associates, which handle a wide variety of tools and test instruments for the HVAC industry.

Walker's premise is to get to know your customer first, then show them what's

going on with their system, using the latest diagnostic tools on the market, don't just tell them what's wrong. Leverage your digital/electronic tools to make you more money and cover your posterior! Just because you have superior knowledge, experience and Jedi like diagnostic skills- doesn't mean you make more money than the company down the street. Spend a few hours hammering out a process for you/ your company for every service call and practice it- a little time and commitment will pay big dividends!

The **September 22nd meeting** will be held jointly with **Oregon Mechanical Officials Association (OMOA) and ORACCA**. Lunch provided by **NW Natural**

The program will include presentations on gas pipe sizing, CSST sizing and Earthquake valves for water heaters.

Tim Trantham with Pacific Product Sales and Gary Lyden with Seismic Safety Products, will do the product presentations.

Also on the agenda is a discussion on the various jurisdictions interpretations of setback requirements and an opportunity to perhaps come up with some standardization of enforcement. Any and all other code questions are invited during this session.

The September 1st session will qualify for 1 NATE CEU hour.

The September 22nd session will award 2 NATE CEU hours. One for the product portion of the program and one for the Code discussions.

These are programs you do not want to miss so add these to your calendar and plan to attend.

ORACCA Shoot Out - September 10th, is the date for the annual ORACCA Shoot Out at Canby Rod & Gun club. A wonderful breakfast will be provided by NW Natural, with registration beginning at 8:30AM.

The NATE Gas Heat Training/Testing session scheduled for September 3rd has been rescheduled to October 18th. The class is to be held at the NW Natural Building, 220 NW 2nd Ave., Portland, OR 97209. Each applicant wishing to participate in this NATE testing session must fill out the registration form and return it to ORACCA Headquarters. Form is available on our website under the education/training tab. (www.oracca.org) or on the newsletter insert

You will be notified of test specifics and will be sent the study guides once you have registered. We must pre-register each participant with the NATE testing site well prior to the test date. Once registered you will receive an email from NATE with your password to take the test(s).

Not a member? We'd love to serve you, too.

Choose your test Date			Total			

Training/Testing Program consists of 4 Hour Training with special emphasis on Core & Gas Heat, followed by on line testing at the NWN Computer center. Participants will know pass/fail at end of test session. Price is per test. i.e. Core or Gas Heat, or you can save by ordering the combo pack, which includes both tests.

*** Those wanting to test only, plan to arrive at the facility at Noon on the day of the test. Test only participants will not be admitted to the room until this time.**

You may also audit the training for CEU credit

Due to the limited class size, a \$35.00 "No show Fee" will be applied to participants who do not notify ORACCA office before canceling.
