Classifying Variable Speed Heat Pumps

Dave Hammond, Associate Program Manager for CLEAResult (ETO) will explain the different ways to classify a variable speed heat pump and why it is

important to your customers. He will cover the pros and cons of systems; Efficiencies Sound levels Consistent comfort Maintenance Up-front costs Etc. He will explain the process of classifying and why this is important to your customers.

What's new at the Energy Trust of Oregon?

Eric Falk, Senior Account Manager with CLEAResult (ETO) will share with us all the residential programs offered by the Trust in 2023. Which programs have been renewed which ones will no longer be in effect, any changes to these programs and additions to their offering. Qualifications to participate and how to achieve compliance.
