

NATE Continuing Education Hours Attendance Form

North American Technician Excellence (NATE) is the nation's largest non-profit certification organization for heating, ventilation, air conditioning and refrigeration (HVACR) technicians. To recertify, a technician must complete 16 continuing education hours (CEH) in his specialty within the 2 year period of certification.

To receive credit for this course, NATE requires a certificate of attendance from the training provider. If a certificate is not available, this form can be completed by the technician and the course instructor and submitted to NATE for review and verification via fax at 703-527-2316 or recertify@natex.org.

Technician Information

Name of NATE Technician: _____ NATE ID: _____
