They're Back!!! **Real Incentives for** **HVAC for single &** **small multi-family** **units.**

We are closing out the 3rd year of the new normal. It has brought many new challenges & opportunities for the coming years. New refrigerants, higher minimum efficiencies, and unreasonable cut-off for installation of phased out product. Having said all that, we are a resilient group and have overcome many other challenges and prospered. As an association we are here to assist in any way we can showing a united front and having strength in numbers. Let's make next year our best year! We want to thank all of you for the support you have given our industry and wish you the very best of the season! Please join us at Lennox in Clackamas for our annual Christmas meeting that Lennox has so graciously provided over the years!
